HealthCare Solutions Insurance Agency Inc

What Agents say about HCS Life

"I've had a relationship with HCS for 20 years. You can count on information to be accurate and timely. Most important to me is the dedication to servicing the agent not just giving lip service, but actually returning calls promptly and help getting business issued. On a personal note you won't find better people in this industry than Michael Dysart and his team."

-Kevin Hagerty (Huntington Beach)

"I have known Michael Dysart for many years, I use HealthCare Solutions as my G.A. for Health Insurers and almost all of my Life. HCS is staffed by knowledgeable professionals who are always prompt, polite, and accurate. They have helped me design innovative solutions for some perplexing life cases, and regularly offer new products and training. Thanks, HCS!"

-Barry Cogdill (Former SDAHU President)

"I have been associated with HealthCare Solutions since 1997 both in marketing Health and Life Insurance. Their desire to help the agents is very commendable especially in this tough market environment. They truly are the "Brokers-Broker."

-Richard Nero (Upland)

"I have used HealthCare Solutions for many years and they have been a key partner of our success. Michael and his staff have offered great help for both product and sales training as well as client support whenever we have needed them. I highly recommend HealthCare Solutions."

-Tom Breitfeller (Cathedral City)

"I had the blessing of being introduced to Mike Dysart and his team at Healthcare Solutions. Five years ago I was welcomed by a group of people bubbling with integrity and enthusiasm to help me succeed. They live and breathe "service". I am so grateful for that introduction five years ago and my friends at HealthCare Solutions!"
